

Umesh L. Gupta

Front End Developer

+91 812-855-6609 | umeshlgupta1984@gmail.com | Ahmedabad, Gujarat, India

PROFESSIONAL SUMMARY

Results-driven Front End Developer with 10+ years of hands-on experience delivering high-performance, pixel-perfect web interfaces across e-commerce, SaaS, and corporate platforms. Proven expertise in HTML5, CSS3, JavaScript/jQuery, Tailwind CSS, Bootstrap, SASS, Shopify, and WordPress. Consistently manages multiple simultaneous projects, meets tight deadlines, and mentors junior developers to maintain code quality and team velocity. Passionate about clean architecture, cross-browser compatibility, and seamless UI/UX translation.

PROFESSIONAL EXPERIENCE

Senior Front-End Developer

Jan 2021 – Present

Multidots

- Lead front-end development across 15+ client projects simultaneously, ensuring on-time delivery and pixel-perfect implementation of UI/UX designs.
- Built responsive, accessible interfaces using HTML5, CSS3, Tailwind CSS, jQuery, Bootstrap, and SASS, reducing average page load time by ~35%.
- Developed and customized Shopify and WordPress themes from scratch, improving client conversion rates through performance and UX enhancements.
- Collaborated cross-functionally with designers and backend teams in Agile sprints, improving team delivery speed by 20%.
- Mentored junior developers on best practices, code reviews, and component architecture.

Front-End Developer

2018 – 2020

Sibyll Software

- Designed and developed 20+ HTML5/CSS3 web applications with full responsiveness across mobile, tablet, and desktop viewports.
- Translated wireframes and UI/UX mockups into clean, maintainable code with zero-defect delivery on 90% of projects.
- Installed, configured, and custom-coded Shopify themes; generated bespoke storefronts tailored to client brand requirements.
- Performed cross-browser testing and performance optimisation, ensuring compatibility across Chrome, Firefox, Safari, and Edge.

Front-End Developer

2016 – 2018

JD Softech

- Developed responsive HTML5/CSS3 layouts and jQuery-powered interactive components for corporate and startup clients.
- Collaborated with WordPress backend developers to integrate front-end templates into CMS workflows efficiently.
- Maintained and upgraded legacy codebases, reducing CSS/JS bundle sizes by 25% through refactoring and minification.

Junior Front-End Developer

2014 – 2016

PixieLit Studios

- Kickstarted career building HTML5, CSS3, and jQuery interfaces under senior guidance, rapidly progressing to independently managing client projects.
- Ensured technical feasibility of UI/UX designs and validated all user input before submission to back-end systems.
- Delivered 10+ websites for small businesses, gaining strong foundations in responsive design and cross-browser testing.
